The following is the amended agreement, forming the fourth annexure, which has been applied for.

Every local authority, company or person desirous of making representation with reference to this application may do so by letter addressed to the Secretary to Government, Public Works Department, Fort Saint George, Madras, within three months of the date of the first issue of this advertisement.

AGREEMENT made this day of One-thousand nine-hundred and thirty-six Between the Secretary of State for India in Council (hereinafter called the Secretary of State which expression shall include his successors and assigns) of the one part And The Salem-Erode Electricity Distribution Company Limited, a Company incorporated in India (hereinafter called the Licensee which expression shall include their executors and legal representatives and permitted assigns) of the other part.

WHEREAS the licensees have requested the Secretary of State to enter into a fresh agreement in supersession of the agreement between the Secretary of State and Messrs. Octavius Steel and Company, Limited, for the supply of electrical energy in bulk, forming fourth annexure to the licence for the distribution of electrical energy granted to the Government of Madras in G.O. No. 31 W., dated the 6th January 1931, and whereas the Secretary of State has agreed to do so on the terms and conditions hereinafter contained,—

Now it is hereby declared and agreed as follows:—

1. Subject to the provisions hereinafter contained and during the continuance of this agreement the Secretary of State shall supply and the licensees shall take from the Secretary of State from the date of this agreement all such electrical energy as the licensees may require for the purposes of supply by the licensees under the powers contained in the said licence or for any other purpose for which the licensees may require such energy.

2. The said energy shall be delivered to the licensees by the Secretary of State at the points hereinafter mentioned and shall be on the 3-phase 50-cycle alternating current system at a normal pressure of 22,000 volts. The frequency and pressure of the electrical energy at the points of supply shall be subject to the fluctuations that are ordinary, usual and incidental to the generation and transmission of electrical energy but such fluctuations shall not except under extraordinary reasons beyond the control of the Secretary of State be more than four per cent on the frequency and 12½ per cent on the pressure. The licensees agree to specify that all their 22,000 volts step-down transformers shall be delta connected on the high tension side and star connected on the low tension side.

3. Save as provided herein the supply shall be available continuously except in cases of lock-out or strike of the employees of the Secretary of State, breakdown of machinery or plant *force majeure* or any other cause over which the Secretary of State has no control in any of which cases the Secretary of State shall not be responsible for any discontinuance of energy but he shall restore the supply as soon as he reasonably can.

4. The points of supply shall be as follows:—

(a) From the receiving stations of the Secretary of State at Salem and Erode at 22,000 volts.

(b) From any point on the Secretary of State's 22,000 volts lines in the licensed area at the discretion of the Secretary of State.

5. All 22,000 volts services or feeders taken directly from the Secretary of State's lines or busbars must be suitably protected by high tension fuses or automatic oil circuit breakers. The fuses and circuit breakers shall be capable of successfully rupturing the maximum short circuit energy likely to occur at the point of installation. The relay settings and fuse capacities will be specified by the Chief Engineer for Electricity or his representative.

6. All transformers, switchgear and other electrical equipment directly connected to the feeders or lines of the Secretary of State shall be of suitable design and be maintained by the licensees to the reasonable satisfaction of the Chief Engineer for Electricity or his representative.

7. For the purpose of registering the electrical energy taken by the licensees under this agreement there shall be provided at each of the points of supply defined in clause 4 one 22,000 volts metering set on each feeder supplying the licensees which shall be the property of and be kept in repair and calibrated by the Secretary of State. Each metering set shall consist of the necessary instrument transformers one polyphase integrating watt-meter with one kilovolt ampere demand meter. At the discretion of the Secretary of State a totalising demand meter may be installed at any single loading point where there are two or more feeders. Alternatively the Government may install a polyphase integrating watt-meter with demand attachment and determine the power factor by mutual agreement. Meter rent will be charged in accordance with the rules of the Department of Electricity.

8. The licensees may at their own expense install check meters in their feeders at the receiving station of the Secretary of State at any point of supply.

9. The meters shall be properly sealed on behalf of both the Secretary of State and the licensees and shall not be interfered with by either party except in the presence of the other party or its representative duly authorised in that behalf.

10. The readings of the said meters shall be taken by the accredited representatives of the licensees and the Secretary of State as or as near hours as practicable on the last day of each calendar month and the readings so taken shall be binding and conclusive between the licensees and the Secretary of State as to the amount of electrical energy supplied to the licensees. In the event of any meter being found defective and a check meter not having been installed, the power consumed for the period during which the meter was defective shall be determined by taking the daily average consumption for the previous period of supply not exceeding three months.

11. The licensees shall from time to time and at all times on previous notice thereto being given allow the employees of the Secretary of State in the Department of Electricity to inspect the electrical equipment of the licensees for all or any of the purposes connected with the supply of electrical energy to the licensees under this agreement.

12. Once in every year the meters shall be calibrated and standardised if necessary by the Secretary of State in the presence of a representative of the licensees.

13. Either party to this agreement may at any time and after notice to the other party have a special test carried out of any or all the meters aforementioned at a place to be fixed by mutual agreement. The meter or meters as tested shall be deemed to be correct if as a result of such test the meter or meters are found to vary within the limits prescribed by the Indian Electricity Rules, 1922, or any other statutory modification thereof for the time being in force. If the mean error be found to be more than that prescribed by the said Indian Electricity Rules, the Secretary of State will deduct from or add to the account of the preceding period of three months an amount equivalent to the error. The expenses of such test shall be borne by the Secretary of State in the event of the account requiring any adjustment as hereinbefore mentioned. If no adjustment of the account is necessary as a consequence of such special test the party at whose instance the test was conducted shall bear the costs of such test.

14. From the date the licensees connect up to their distribution system, one high tension consumer consuming at least 240,000 units annually, the rates to be charged by the Secretary of State at each point of supply under this agreement will be in accordance with the high tension tariff set out in Clause I of the standard rate schedule in G.O. No. 1285 W., dated 30th May 1935, which is as follows:—

Class and total monthly consumption in K.W.H.	Rate per K.W.H. allow	Rate per K.V. of maximum demand per month.
I. Up to 25,000 ..	0·400	Up to 500 K.W.
II. Exceeding 25,000 and up to 50,000	0·350	Rs. 3-8-0
III. Exceeding 50,000 and up to 75,000	0·450	500 K.W.
IV. Exceeding 75,000 and up to 100,000	0·440	and over
V. Exceeding 100,000 and up to 150,000	0·425	Rs. 3-4-0

VII. Exceeding 200,000 and up to 300,000	0·375	and over Rs. 3,
VIII. Exceeding 300,000	0·350	

At the option of the consumer the demand may be billed on a K.V.A. basis in which case the above rates will be reduced by six annas per month per K.V.A.

The above tariff is subject to a maximum overall unit charge of 0·90 anna per unit without prejudice to the minimum monthly payment.

15. The licensees guarantee to the Secretary of State a minimum revenue from the sale of electrical energy of Rs. 50,000 per annum subject to the conditions set out in clause 20. This shall be in addition on to any revenue separately guaranteed by the licensees for the same area in consideration of Government constructing high tension lines at their cost.

16. Should a tariff for power for a similar class of load more favourable than that specified in clause 14 be allowed by the Government of Madras in the area served by the Mettur Project during the life of this agreement then the licensees shall be entitled to the benefit of such a tariff.

Provided

(a) that the licensees shall, if so required by the Secretary of State, submit to the Secretary of State for his approval proposals for a reduction of the rates charged to their consumers within such time as may be fixed by the Secretary of State. The Secretary of State shall approve the said proposals with or without modifications and the rates thus approved shall take effect from such date as the Secretary of State may fix,

(b) that if the licensees find themselves unable to furnish all or any of the rates approved by the Secretary of State they shall have a right to demand a reference of the matter to arbitration as provided in clause 34B hereof, and the matter shall be referred to arbitration accordingly, and

(c) that if the licensees fail to submit the proposals called for in sub-clause (a) within the time fixed, the Secretary of State shall by such rules for supply as he may think reasonable but so that the benefit according from such rates to the consumer shall not exceed the benefit accruing to the licensees from the more favourable Government tariff for power, and the licensees shall charge only the rates so fixed to the consumers from such date as may be fixed in this behalf by the Secretary of State

17. Once during the life of this agreement the licensees on giving the Secretary of State six months' notice in writing may change the method of rate and as laid down in clause 14 from a K.W. to a K.V.A. basis or vice versa

18. For the purpose of this agreement the maximum demand at each point of supply to the licensees in each month shall be the largest total amount of K.V.A. delivered to the feeders of the licensees at the point of supply during any consecutive thirty minutes in the month.

19. Maximum demand charges for any month and at each point of supply shall be based on the average monthly maximum K.W. or K.V.A. demand for the previous calendar months commencing from January of each year and ending with the month in question always provided that this average be not less than the average demand chargeable for any previous month in the calendar year in which case the higher figure will be taken as the basis for payment. For the first calendar year's service the demand charge for any month will be based on the average of the monthly demands for all the months ending with the month in question with the same proviso as mentioned above. The demand charge for the first month of operation will correspond to the maximum demand for that month. The demand payment will be a fixed monthly charge whether energy is consumed or not and shall constitute the minimum monthly.

20. If at any time the licensees are prevented from receiving using distributing or selling the electrical energy to be supplied under this agreement either in whole or in part owing to any strikes, riots insurrections, command of a civil or military authority, fire, explosives, act of God or any other cause reasonably beyond control, or if the Secretary of State is prevented from or unable to supply such electrical energy owing to all or any of the causes mentioned above then the maximum demand charge or guarantee payable by the licensees under the provisions of clauses 15 and 19 hereof shall be reduced in proportion to the ability of the licensees to take or the Government to supply such power.

21. The resultant power factor of the plant and apparatus owned by the licensees shall not be less than 0·8. Should the power factor be below 0·8 it is liable to a penalty of 8 annas per K.W. of monthly demand while if the power factor drops below 0·7 it must be brought up by methods approved by the Engineers of the Secretary of State failing which the service may be discontinued. This clause will not be applicable if the demand is determined on a K.V.A. basis. A similar penalty applicable to all consumers may be included in the tariff of the licensees

22. The Secretary of State shall within 15 days after the expiration of each calendar month deliver to the licensees an account stating the number of units supplied to the licensees by the Secretary of State in accordance with the readings of the said meters and the amount payable therefor or also the amount payable in respect of the maximum demand charge and other charges if any payable by the licensees to the Secretary of State, and the licensees shall pay the same within 30 days from the delivery of such account. Provided that the Secretary of State shall be at liberty to charge interest at the rate of 12 per cent. per annum on the amounts of such bills as are not paid within the aforementioned period of 30 days in addition to and without prejudice to the other rights of the Secretary of State herein contained

23. If the payments herein provided for or any part thereof shall be unpaid for the space of 30 days next after any of the days whereon the same ought to have been paid as aforesaid or if the licensees shall not in all things perform and observe the conditions herein contained and on the part of the licensees to be observed and performed, then and in such cases and in addition to any other right or power possessed by the Secretary of State, the Secretary of State is at liberty at anytime thereafter notwithstanding that the Secretary of State may not have taken advantage of any previous breach or default or event of a like nature at their choice to suspend all further supply of electrical energy under this agreement or to discontinue the supply once for all. Such suspension of the supply of electrical energy shall not relieve the licensees of their liability to pay the minimum charge provided for herein nor shall such discontinuance affect any right claim demand or power which may have accrued to the Secretary of State

24. In the event of the licensees requiring a power demand in excess of 1,000 K.V.A. the licensees shall give the Government 12 months' notice in writing stating the quantity of energy required which demand shall be complied with if such additional energy is available for supply by the Secretary of State

25. This agreement shall subject as herein before provided be and remain in force for a period of ten years. Either party shall be at liberty to determine this agreement after the expiration of such period on giving to the other two year's notice in writing expiring at any time of such intention and at the expiration of such notice this agreement shall absolutely cease but without prejudice to the rights or remedies if any of either party which may have accrued or arisen hereunder in the meantime.

26. Unless sanctioned due to special conditions no squirrel cage motors of over 50 h.p. will be permitted on the distribution system of the licensees and the starting current of each squirrel cage motor shall not exceed 200 per cent of the normal full load current. Squirrel cage motors not exceeding 20 h.p. will be permitted on the licensees' system, if used with star-delta starters.

The starting of slipping of other motors of over 50 h.p. capacity shall be by means of suitable appliances so designed that the starting current at any time does not exceed 125 per cent of the normal full load current.

9. With reference to the Proceedings of the Commissioner for Government Examinations, Madras, Memorandum C. No. 492-D/34, dated 18th July 1934, published on page 218 of Part I-B of the *Fort St. George Gazette*, dated the 24th July 1934, and with reference to the syllabus in Typewriting—Higher Grade (Oral and Practical portions only), the following list of duplicating machines that have been approved for use in connection with the Government Technical Examinations is published for the general information of the heads of committees and the candidates in the Presidency and in the Indian States at all the candidates offering themselves for the examinations:—

1 Muller, hand feed.
2 R.R.R. No. 34, hand feed (Old R.R.R. No. 11).
3 Ronco No. 2, hand feed.
4 Ronco No. 100 self feeding.
5 Eliana D-1, hand feed.
6 Eliana K., self feeding.
7 Rota Rotary No. 8, self-feeding.

8b " No. 6, self feeding.
8c " No. 66, automatic.
11 Ronco No. 10, self feeding.
12 Multigrint Rotary Duplicator.

10. The knowledge of the duplicating machines mentioned above with regard to the cutting of stencil and the taking of copies on them will be demanded of candidates with effect from the examination of January 1935. They are, therefore, warned to pay adequate attention to this part of the syllabus. Candidates are expected to bring with them when they attend the Oral and Practical examinations, any one of the above duplicating machines in addition to the particular kind of typewriter which they used while answering the written test.

11. *Seats and accommodation for the candidates.*—(a) Candidates will be permitted to bring with them for their use at the examination hall their own tables, chairs or stools, if they choose; provided they take care to see that by so doing they do not give room to the slightest disturbance being caused in the examination hall.

(b) The candidates will be allowed to take their seats in the examination hall five minutes before the appointed hour for giving out the question paper and supplied with the necessary paper for answering and get their machines ready for work with paper inserted in them and to have their register numbers at the right hand corner of their answer papers and the particular kind of Typewriter they use at the left hand corner, typed before the question paper is given to them.

12. Candidates are strictly told not to write anything on the question paper itself. Calculations or any other points they wish to note must be written on one of the blank sheets supplied to them and such sheets including the carbon papers should be left on the table. Further, candidates are strictly warned not to take carbon copies more than what is required of them in the question paper.

13. The candidates will, if necessary, be examined in batches but at least every *four* candidates for the Lower grade, at least every *two* candidates for the Higher grade, must have one machine among them.

14. Managers and Instructors of institutions concerned are expected to see that their pupils are supplied with Typewriting machines in proper working order.

15. Managers and Instructors will be allowed into the examination hall in the intervals between the various batches to inspect the machines and to remedy any defects. They should take care to see that they do not remain in the examination hall while the question paper is being distributed to the candidates in the examination hall or while their pupils are answering the question papers.

16. If, however, a candidate reports to the Superintendent that his machine has gone out of order, the Superintendent will intimate this to the Manager or Instructor, if he is waiting outside on the premises, and will permit such Manager or Instructor to enter the hall (though the candidates may be at work) to inspect the machine and to remedy the defect or to supply another machine. It must, however, be clearly understood that the Superintendent incurs no responsibility in this matter; the action will be purely as grace, the whole responsibility resting on the candidate and the Manager or Instructor.

17. A similar concession will be allowed in the case of a private candidate, if he has someone outside who is willing to inspect his machine and put it right, etc.

18. *No extra time will be given to candidates to compensate for loss of time while the machine is out of order and to bring it into right.*

In the Mofussil.

19. Heads of Institutions who are desirous that their pupils should be examined in batches and private candidates who desire to be similarly examined should make the necessary arrangements with the Chief Superintendent concerned *four* days before the examination and furnish him with all the necessary information as to the

number of candidates and machines and the time at which each batch will attend on the day fixed for the examination.

At Madras.

20. **Lower Grade—Candidate's Hall Ticket.—Tickets of admission specifying the particular batch (first or second and 30 lots to which the candidates elect to appear) will be issued on Thursday, the 16th July 1930, between 11 a.m. and 5 p.m. at the Office of the Commissioner for Government Examinations, Old College, Nungambakkam.** These tickets should be shown at the entrance to the examination hall. Candidates who produce tickets will be admitted in the batch specified in the tickets. Candidates who do not provide themselves with tickets cannot claim to be admitted to any particular batch. They will be admitted only if spare seats are available in the hall, i.e., after seats are reserved for those who have registered their names and obtained tickets for the batch. Candidates who do not hold tickets will accordingly have to wait at the entrance in the examination hall from the hour of examination consent of the first batch so that their chance of being provided with seats in the first or in any subsequent batch. To avoid all inconveniences and possible disappointment, heads of institutions or who are desirous that their pupils should be examined in batches and private candidates who desire to be similarly examined are particularly requested to call at the office on Thursday, the 16th July 1930, with all the necessary information as to the number and names of candidates that will attend at the particular batch on the day fixed for the examination and obtain tickets of admission accordingly. *No tickets can on any account be sent by post whether to heads of institutions or to private candidates.*

21. Candidates that have such a separate machine and that do not want to be examined in batches are expected to appear for their examination with the third batch for the Lower grade. But this does not preclude them from registering their names for that batch and obtaining tickets accordingly.

22. Candidates for the *Higher grade* may appear for the first or second batch at their option and no *tickets accordingly are issued for this grade.*

23. **Instructor's Hall Ticket.**—Managers or Instructors of institutions and other persons who wish to be allowed into the examination hall in the intervals between the examinations of the various batches to inspect the machines and remedy any defects, are requested to call at the office on Thursday, the 16th July 1930, and have their names registered. Tickets of admission specifying their names, the institutions to which they belong, etc., will be issued to them and these should be produced at the entrances to the examination hall.

Both at Madras and at the Mofussil.

Attention is particularly drawn to the following rules:—

24. No candidate will be allowed to enter the examination hall unless he wears a clean and decent dress, and in all cases where good manners require it, a suitable covering for the head, nor will he be allowed to keep his shoes on unless they are shoes of English pattern, and socks and trousers are worn also.

25. No candidate suffering from any contagious disease will be admitted to the examination hall.

26. Candidates are expected to take their seats in the examination hall at least five minutes before the time fixed for giving out the question papers. No candidate will be allowed to quit the examination hall on any day until the expiration of half an hour from the time fixed for the commencement of the examination and candidates arriving after the expiration of that half-hour will not be admitted.

27. No candidate will be allowed to re-enter the examination hall during the hours of examination after once quitting it, nor to leave the hall without finally giving up his answer papers.

28. **Strict silence should be maintained in the examination hall.**

29. *No candidate will, on any account, be allowed to take into the examination hall slates, books, or portion of a book, extra sheets, manuscripts or papers of any kind.* Any candidate detected in the violation of this rule or detected in speaking to or in any way communicating with or copying from each other and in communicating with any other person outside the examination hall or having recourse to any unfair practices will be sent out of the hall forthwith, and his conduct reported to the Commissioner for disciplinary action. The use of mathematical instruments for drawing figures or ruling lines will, however, be allowed.

30. Candidates are forbidden to note down the answer to any question on the question paper itself; they will not be allowed to take any papers, except their question papers, out of the examination hall.

31. Candidates are forbidden to tear up paper, or to throw bits or papers on the floor. All 'spoilt' copies, etc., should be left on the desk where the candidate has been writing.

32. Candidates may have to write their answers on both sides of the paper supplied to them and they will receive the necessary instruction on this point in the examination hall from the Chief Superintendent of the examinations.

33. No candidate will be allowed to exceed the time assigned to each paper.

34. As soon as candidates have finished writing their answers and wish to give up their answer papers, or at the end of the period prescribed for each particular part of the examination, each should rise from his seat and remain standing until one of the Superintendents has come up to him and has received his answer paper from him. Any candidate wishing to ask any question of the Superintendent will pursue the same course but will on no account leave his seat.

35. Candidates whose names are not in the printed list furnished to the Chief Superintendent must submit a written declaration through the Chief Superintendent giving full particulars in regard to themselves including their address, and furnish such evidence as may be possible of their having applied for admission to the examinations at the proper time and paid the prescribed fees. The answer papers of such candidates will not be valued unless it is clear that the omission of their names is due to no fault of theirs.

36. **Candidates are requested to note carefully the particulars printed in the nominal list and satisfy themselves whether they tally with those as given by them in their applications for admission to the examinations so that any alteration with regard to their initials, name of place of community or any other correction that may appear necessary might be pointed out by them in writing to the Chief Superintendent.**

37. Candidates choosing to change their place of examination without previous permission, or appearing at any centre other than the one at which they ought to have appeared according to the notice published in the Gazette, must not expect to have their papers valued or their results published. To all cases where permission has been granted, the memorandum or letter permitting the change should be produced for the satisfaction of the Superintendents.

38. The answer papers should be stitched or pinned together at the upper left-hand corner, and the whole folded into two lengthwise (not crosswise into four). The register number, the place of examination and also (in the case of the examinations in Typewriting, the name and Model number of the Typewriter used) should be written out clearly by the candidates on the top right hand side of the first page of the answer paper, as well as on the top of the paper after it is folded.

I.S.E.—(1) Candidates are strictly forbidden to write or type their names on the answer papers.

(2) Candidates should distinctly understand that failure to turn in even any one of these particulars may involve the rejection of valuing their answer papers—particularly any answer paper until up with all the candidate's register number and name of centre will not be valued.]

39. *Any candidate who does not behave properly towards the Chief and Assistant Superintendents of the examinations or is suspected of having had recourse to malpractice of any kind in connection with the examination or whose answer papers contain objectionable matter, is liable to have his examination invalidated and also to be debarred from appearing again for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit; or, if the Commissioner is not satisfied for any reason whatever as to the trustworthiness of his results, he may be required to undergo a re-examination at some future date to be fixed by the Commissioner in any one or more of the subjects of the examination for which he appeared, his success or failure being determined on the results of such re-examination.*

40. Candidates are forbidden to communicate with the Examiners; should they do so, their answer papers will not be valued and further their conduct will be reported to the Commissioner for any action that he may deem fit.

41. No information can be furnished in regard to the results of a candidate in any subject or in regard to the marks obtained by him or in regard to the particular section or subdivision in which he may have failed. The

names of successful candidates in each subject arranged in two classes, First and Second, will be published in the *Fort St. George Gazette*. The pass-list for each grade of a subject as published in the Gazette is complete and final. Applications from or on behalf of unsuccessful candidates asking for information as to the cause of failure or for revaluation of the answer papers will not be attended to. No revaluation of answer papers is permissible.

Candidates for University Examinations are required to observe the following instructions very carefully:—

1. Silence should be maintained in the examination room.

2. Candidates should take their places in the examinating hall at least five minutes before the time fixed for distributing the papers. Candidates presenting themselves more than half an hour after the appointed time will not be admitted to the examination hall. Candidates who are undoubtedly suffering from infectious diseases of any kind will not be admitted.

Candidates should bring with them to the examination hall each day of the examination their hall tickets for inspection by the Chief Superintendent.

3. Candidates are prohibited from writing upon their hall tickets or question papers. Candidates are also prohibited from writing their names on any part of their answer books, but their register numbers should be written very distinctly on the outer cover of each answer book. Failure to write their register numbers may involve the rejection of answer papers.

4. Candidates are not allowed to exceed the time assigned to a paper.

5. No candidate will be allowed to leave the examination room till the expiry of at least half an hour after a question paper has been given out; and no candidate who leaves the room during the period allotted for a paper will be allowed to return within that period.

6. *Candidates are forbidden to ask questions of any kind during the examination. They are further forbidden to communicate with the examiners; should they do so their answers will not be valued and their conduct will be reported to the Syndicate for disciplinary action.*

7. Candidates are not allowed the use of books of any kind (except as provided in rule 8) They are also prohibited from introducing into the examination room any book or portion of a book, slate, blotting pad, cardboard, manuscript, or paper of any description and from making use of any of these whether introduced into the room by themselves or by any one else; from communicating with or copying from each other; and from communicating with any person outside the examination room. Any candidate detected in the violation of these rules will be summarily sent out of the room forthwith, and his conduct will be reported to the Registrar. Such a candidate stands the risk of having all his answer papers for the examination for which he has appeared rejected by the Syndicate and of being debarred from sitting for the University examinations for such period as the Syndicate may decide.

The use of stencils at University examinations is not permitted except to students answering papers in Mathematics. The use of mathematical instruments whilst answering papers in Mathematics and in the Physical Sciences will be allowed. Such instruments will not be supplied by the University.

8. Chrike's Mathematical and Physical Tables will be supplied on requisition in Mathematics, Physics, Chemistry, Chemical Technology and Geography of the Intermediate, B.A., B.Sc., B.A. (Honours), B.Sc. 10. Candidates are required to provide themselves with their own pens. Candidates may bring into the examination hall their own ink bottles. They must, however, use only black ink while answering their question papers.

11. Particular attention is requested to the instructions regarding rough working on loose sheets of paper printed on the answer books. All rough working must be shown on the left hand page of the answer books themselves. No separate books for rough working will be supplied to candidates. Papers must not be detached from the answer books of candidates. If the ordinary answer books are found insufficient, additional books will be allowed and these should be securely fastened to the answer books.

12. When candidates have finished writing their answers, and wish to give up their answer books, or at the end of the period prescribed for each particular part of the examination, each should stand up in his place and remain standing until one of the superintendents has come up to him and has received his answer book from him.

13. Candidates sitting for the examinations at the different centres should apply to the Chief Superintendent of the respective centre for their hall tickets three days before the commencement of the respective examinations. *Any particulars given in the hall ticket differing from those given in the application for the examination should be immediately reported to the Chief Superintendent by the concerned candidate.*

5. These scholarships will not be granted to pupils who are either below 17 years or above 16 years of age.

6. Application for scholarships should be made through the Head or the Manager of the firm where the pupil intends to undergo training so as to reach this office on or before the 30th July 1936. In the case of pupils belonging to the Criminal Tribes, application should not be forwarded direct but sent through the concerned District Superintendent of Police to enable him to verify and forward the application with a report whether the pupil or his parent or his guardian is a *registered member of a notified criminal tribe*. In such cases the application should be sent to the District Superintendent of Police in time sufficient to make the necessary verification and forward the application before the due date. 3. The Commissioner has power to vary the rates of these scholarships subject to the maximum approved by Government and to convert these scholarships into residential ones (at the rates fixed) as local conditions may require.

4. The Commissioner has also now power to award these scholarships irrespective of the fact that applicants are or are not boarders of hostels maintained by the Labour Department. The grant of scholarships by the Commissioner of Labour is however restricted to pupils who do not get similar scholarships from the Education Department. As the Director of Public Instruction also grants scholarships for Collegiate courses and as the funds of the Labour Department are limited, pupils seeking scholarships for Collegiate education should submit their applications for scholarships for Collegiate courses to the Director of Public Instruction, through this office. The Commissioner of Labour may grant scholarships to approved candidates who fail to obtain one of those in the control of the Director of Public Instruction.

5. A list of the castes coming under the term "Depressed Classes" is attached. The scholarships are not open to pupils who are converts to Christianity except to such of those as are in Criminal Tribes Settlements. In the case of pupils belonging to criminal tribes, the applicants or their parents or guardians should be registered members of a notified criminal tribe.

5. The scholarships will be granted only to pupils of parents whose pecuniary circumstances are certified by the head of their institution to be such as to prevent them from proceeding their studies without assistance.

7. The age of an applicant for a Collegiate scholarship should not have ordinarily exceeded the following limits on the 1st July of the year on which the application is made :—

	YEARS.
I year University Class	18
II year University Class	19
III year University Class	20
IV year University Class	21

There is at present no age-limit for applicants for professional course scholarships, but scholarships for professional courses will not ordinarily be granted to pupils who, in the opinion of the Commissioner of Labour, are too old and have been out of school or College for more years than one.

8. Forms of application for the scholarships can be had from the office of the Commissioner of Labour, Post Box No. 429, Chepauk, Madras.

9. All applications should be dated, a separate form of application should be used for each applicant. The class in which the pupil is studying at the time the application is sent up should be clearly indicated at the top of the application. All applications should reach the Commissioner of Labour before the 1st August. Applications on behalf of pupils belonging to criminal tribes should be sent through the Superintendent of Police of the district concerned sufficiently early so that the District Superintendent of Police may verify whether the applicant or the parent or guardian is a registered member of a notified criminal tribe and forward the application in time to the Commissioner of Labour with the report of his verifications.

10. Heads of institutions may grant leave without diminution or loss of scholarship for a period not exceeding one month to scholars who are absent in consequence of acute illness but, if the leave exceeds this period no scholarship is to be granted for the excess period. Casual leave without diminution or loss of scholarship may be granted for good and sufficient reasons for a period not exceeding fifteen days in the year provided such leave does not immediately precede or succeed gazetted holidays. All grants of leave to scholarship-holders granted under the above conditions should be reported by the heads of institutions to the Commissioner of Labour, Madras, and to the District Labour Officer, if there is one for the district.

11. No person receiving a scholarship under this notification shall be permitted to hold any other scholarship, provided wholly or partly by Government without the special sanction of the Commissioner of Labour. Such sanction will be accorded only for very distinguished merit. If the scholarship-holders of the Labour Department who are granted scholarships at full rates are also granted half fee concessions or are totally exempted from payment of fees, such cases should be reported to the Commissioner immediately.

12. All scholarships are liable for forfeiture for illness, irregularity or failure to make due progress or to secure annual promotion.

13. A scholarship held in any class shall run from the beginning of the month in which the holder joins the class and shall not continue to be drawn after he ceases to attend it.

14. The scholarships are payable quarterly and in advance. In any case they should be drawn before the 31st March of the year and in no case can they be drawn thereafter except for special reasons and without a fresh sanction from the Commissioner of Labour.

15. The scholarships sanctioned may, on the scholarship-holders' promotion to the next higher class, be renewed at the rates fixed for the new higher class provided the scholarship-holders' progress and conduct have been satisfactory.

16. Applications for renewal of scholarships should be submitted in the prescribed form (which can be had, on application, from the Commissioner's Office) through the District Labour Officer, if there is one for the district.

17. A register of scholarships and an acquittance roll, copies of which will be supplied from the Commissioner's Office, should be maintained by the heads of institutions concerned and made available for inspection when required by the officers of the Labour Department.

3. Each tenderer must pay, as earnest money, a sum of Rs. 400 (rupees four hundred only) for each of the works into the branch of the Imperial Bank of India or into the Government treasury or sub-treasury within the jurisdiction of the Executive Engineer concerned to the credit of Revenue Deposits on behalf of the Executive Engineer of the Kistna Western Division and enclose with his tender the chalan endorsed accordingly. The earnest money will be refunded to the unsuccessful tenderer on application, after intimation is sent of rejection of the tender or at the expiration of two months from date of tender, whichever is earlier. The refund will be authorised by the Executive Engineer by suitable endorsement on the chalan. The earnest money will not be received in cash or currency notes by the Public Works Department Officers.

The earnest money will be retained in the case of the successful tenderer and will not carry any interest. It will be dealt with as provided in the tender.

4. When a tender is to be accepted, the tenderer whose tender is under consideration shall attend the Division office on the date fixed by written intimation to him. He shall forthwith upon intimation being given to him by the Executive Engineer of acceptance of his tender make a security deposit of Rs. 400 (rupees four hundred only) for each of the works in one of the forms prescribed in the Madras Public Works Account Code and sign an agreement in the proper departmental form for the due fulfilment of the contract. This security deposit together with the earnest money and the amount withheld according to clause 68 of the standard preliminary specification of the Madras Detailed Standard Specifications will be retained as security for the due fulfilment of this contract. Failure to attend the Division office on the date fixed in the written intimation from such office or to enter into the required agreement or to make the security deposit as demanded in this paragraph shall entail forfeiture of the earnest money.

5. The tenderer shall examine closely the Madras Detailed Standard Specifications and also the Standard Preliminary Specification contained therein, and sign the Divisional office copy of the Madras Detailed Standard Specifications and its addenda volume in token of such study before submitting his tender. The rates which shall be for finished work in situ etc. shall also carefully study the drawings and additional specifications and all the documents which form part of the agreement to be entered into by the accepted tenderer. The Madras Detailed Standard Specifications and other documents connected with the contract such as specifications, plans, descriptive specifications sheet regarding materials, etc., can be seen at any time between 11 a.m. and 5 p.m. on office days, in the office of the Executive Engineer, Kistna Western Division.

6. The tenderer's attention is directed to the requirements for materials under the clause "Materials and workmanship" in the "Preliminary Specification". Materials conforming to the British Standard Specifications shall be used on the work, and the tenderer shall quote his rates accordingly.

7. Every tenderer is expected, before quoting his rates, to inspect the site of the proposed work. He should also inspect the quarries, and satisfy himself about the quality and availability of materials. The name of quarries, kilns, etc., wherefrom certain materials are to be obtained will be given in the Descriptive Specification sheet. The best class of materials to be obtained from the quarries or other source named shall be used on the work. In every case the materials must comply with the relevant standard specification. Samples of materials as called for in the standard specifications, or in the tender notice, or as required by the Executive Engineer in any case, shall be submitted for the Executive Engineer's approval before the supply to site of work is begun. If the contractor, after examination of the source of materials defined in the Descriptive Specification Sheet, is of opinion that materials complying with the standard or other specifications of the contract cannot be obtained in quality or sufficient quantity from the source defined in the Descriptive Specification Sheet, he shall so state clearly in his tender and state wherefrom he intends to obtain materials, subject to the approval of the Executive Engineer.

The Government will not, however, after acceptance of a contract rate pay any extra charges for lead or for any other reason, in case the contractor is found later on to have misjudged the materials available. Attention of the contractor is directed in the standard "Preliminary Specification" regarding payment of octrois, tolls, etc.

8. The tenderer's particular attention is drawn to the sections and clauses in the standard "Preliminary Specification" dealing with—

(1) Test, inspection and rejection of defective materials and work.
(2) Carriage.
(3) Construction plant.
(4) Water and lighting.
(5) Clearing up during progress and for delivery.
(6) Accidents.
(7) Delays.
(8) Particulars of payment.

The contractor should closely peruse all the specification clauses which govern the rates which he is tendering.

9. A schedule of quantities accompanies this tender notice. It shall be distinctly understood that the Government does not accept any responsibility for the correctness or completeness of this schedule, and that this schedule is liable to alterations by omissions, deductions, or additions at the discretion of the Executive Engineer, Kistna Western Division, or as set forth in the conditions of contract. The tenderer will, however, base his lump-sum tender on this schedule of quantities. He should quote specific rates for each item in the schedule, and the rates should be in rupees annas, and in case of three pies. The rates should be written both in words and figures and the units in words. The tenderer should also show the totals of each item and the grand total of the whole contract, and quote in the tender a lump sum for which he will undertake to do the whole

work subject to the conditions of contract. This schedule accompanying the lump-sum tender shall be written legibly and free from erasures, overwritings or corrections of figures. Corrections, where unavoidable, should be made by crossing out, initialling, dating and rewriting.

10. Tenders offering a percentage deduction from or increase on the estimate amount, and those not submitted in proper form or in due time will be rejected. Rates or lump-sum amounts for items not called for shall not be included in the tender. No alteration which is made by the tenderer in the contract form, the conditions of contract, the drawings, specifications, or quantities accompanying same will be recognized, and, if any such alterations are made, the tender will be void.

11. The tenderer should work out his own rates without reference being made to the Public Works Department current schedule of rates or to the Public Works Department estimate rates which are not open for inspection by tenderers.

12. The attention of the tenderers is directed to the contract requirements as to the time of beginning work, the rate of progress, and the dates for the completion of the whole work and its several parts. The following rate of progress and proportionate value of work done from time to time, as will be indicated by the Executive Engineer's certificate of the value of work done, will be required. Date of commencement of the programme will be the date on which the site (or premises) is handed over to the contractor.

Period after date of commencement	Percentage of work completed (based on contract lump sum amount).
Three months	40 per cent.
Six months	70 per cent.
Nine months	100 per cent.

13. No part of the contract shall be sublet without written permission of the Executive Engineer nor shall transfer be made by power-of-attorney authorising others to receive payment on the contractor's behalf.

14. If further necessary information is required, the Executive Engineer of the division will furnish such but it must be clearly understood that tenders must be received in order, and according to instructions.

15. The Executive Engineer or other sanctioning authority reserves the right to reject any tender or all the tenders without assigning any reason therefor.

16. No payment will be separately made for baling rain or spring water and for forming diversion or protective bunds. The rate given by the tenderer for the respective items must include the above-mentioned charges.

17. The qualifications of the supervising staff employed by the contractor in the execution of the work will be given due consideration in awarding the contract. Tenderers should, therefore, state in clear terms whether they employ such technical staff and, if so, to give the qualifications of such staff and the extent to which they will be employed on the work.

TUTICORIN PORT TRUST.

AUDIT REPORT ON THE ACCOUNTS OF THE TUTICORIN PORT TRUST FUND AND THE TUTICORIN PORT FUND, TINNEVELLY DISTRICT, FOR THE YEAR 1934–35.

Name of Auditor—Mr. N. S. Nilakantayya, District Inspector of Local Fund Accounts.
Time taken for audit—14th October 1935 to 25th November 1935.

The office of Chairman, Port Trust, was held by Mr. J. B. L. Munro, I.C.S., from 1st April 1934 to 3rd April 1934, by Mr. B. W. Day, I.C.S., from 4th April 1934 to 20th April 1934, from 26th April 1934 to 1st July 1934, from 17th July 1934 to 20th December 1934, and from 2nd January 1935 to 7th January 1935, by Mr. W. T. Bryant, I.C.S., from 20th January 1935 to 31st March 1935. Khan Bahadur S. K. M. Shahul Hamid Maraikayar acted as Chairman from 21st April 1934 to 25th April 1934, from 2nd July 1934 to 10th July 1934, from 21st December 1934 to 1st January 1935, and from 8th January 1935 to 20th January 1935.

2. An abstract of the Tuticorin Port Trust Fund showing the opening and closing balances and the more important items of receipts and expenditure prescribed in paragraph (4) of G.O. Ms. No. 313, Finance (Marine), dated the 22nd June 1934, is appended. The opening balance on the cash book is in agreement with the closing balance of the previous year. The closing balance, viz., Rs. 2,19,309-12-4 is in agreement with the balance in the sub-treasury pass-book and with that appearing in the statement of the Accountant-General for March 1935 final. This figure however includes and excludes respectively the following transactions according to the existing practice.—

(i) A sum of Rs. 176 representing the value of cheques issued in March 1935 but which remained uncashed on 31st March 1935 was not deducted from the balance of Rs. 2,19,309-12-4 shown in the cash book.

(ii) A sum of Rs. 2,069-11-1 representing collections made on the last day of March 1935 but remitted to the sub-treasury in April 1935, was not included in the balance of Rs. 2,19,309-12-4, shown in the cash book.

It was explained that the annual accounts and statements prepared by the Port Trust Board do not (i) include items of expenditure in respect of which cheques remained uncashed at the end of the year, and (ii) collections made on the last few days of March but remitted in the succeeding year.

3. The irregularities noticed during the audit have been communicated to Chairman, Port Trust, and Secretary, Port Trust, in objection statements, which should be read as part of this audit report. Important irregularities are noted below.

PORT TRUST FUND.

4. *Security not obtained.*—In several cases remittances of collections amounting to large amounts were entrusted to peons and clerks who have not furnished security. It is a matter for consideration if adequate security may not be taken from persons who are entrusted with large remittances or encashment of cheques for pretty large sums.

5. *Invitation of tenders for the supply of coal—Wide publicity not given.*—Article 198 (1) of the Madras Financial and Account Code, Volume I, and rule 19 of Appendix 35 of Volume II of the Madras Financial and Account Code, require that in the case of purchase of stores the estimated value of which exceeds Rs. 5,000, open tenders be invited by advertisement in the Gazette and daily papers. These rules did not appear to have been observed in regard to the purchase of coal by the Port Trust during the year 1934–35 though the cost of coal purchased during the year amounted to more than Rs. 5,000. The procedure pointed out was promised to be followed in future.

8. *Port Trust Board employees transferred under foreign service—A change in rate of payment of pensionary contribution—Unsupported by specific authority.*—In respect of Abdul Azeez, a permanent peon borne on the cadre of the Minor Port Fund transferred to the Tuticorin Port Trust Board on foreign service rules, contribution towards his pension should be paid at the rate of one-sixteenth of the pay drawn under the Trust—vide rates fixed in G.O. Ms. No. 411, Finance, dated 6th July 1925. This peon was appointed as tally clerk, which is a post in superior service under the Port Trust Board on the time-scale of Rs. 24—2—30—1—45 and pensionary contribution amounting to Rs. 61-5-0 was paid at one-fourth of the total salary of Rs. 328 for the year 1934–35. No specific authority was pointed out for the change in the rate adopted and the question has been separately referred to the Examiner by the Secretary, Port Trust.

7. *Board's approval for the adoption of Fundamental Rules.*—Pending.—The Tuticorin Port Trust Board employees including those who were transferred from the Landing and Shipping Fund, on foreign service rules are being governed by the Fundamental Rules. The approval of the Port Trust Board under section 25 (1) of the Tuticorin Port Trust Act of 1924 was promised to be obtained in the meeting to be held in December 1935.

PORT FUND.

8. *Hire of Port boat and launch 'Minto' used by Port Health Officer not recovered from Central revenues.*—In Government Memorandum No. 31417-blur-4, Finance (Marine), dated 10th January 1935, printed in G.O. No. 94 Finance (Marine), dated 20th February 1935, Government have stated that the expenditure connected with the Port Health is a debit of Central revenues, and where Port boats are used for inspection of vessels either a portion of the cost of their maintenance or suitable hire charges should be debited to Central revenues. The hire charges of Port boat and Port launch for the period from January to March 1936 amounting to Rs. 1,137 needs adjustment to Port Funds.

9. *Result of audit.*—The result of audit may be considered satisfactory.

10. *Receipts and charges.*—The receipts and charges of the year were as follows:—

	Receipts.	Charges.

AUDIT REPORT ON THE WORKS EXPENDITURE OF THE TUTICORIN PORT TRUST FOR THE YEAR 1934-35.

Name of Auditor—Mr. N. S. Nilakantayya, Officiating District Inspector.

Time taken for audit—From 31st October 1935 to 8th November 1935 and from 23rd November 1935 to 25th November 1935.

1. *General.*—With effect from 1st April 1934, the audit of the works expenditure incurred by the Tuticorin Harbour division was transferred from the Accountant-General to the Examiner of Local Fund Accounts in G.O. No. 472, Finance (Marine), dated 16th November 1933.

2. *Constitution of the division and the charge of the same.*—The division maintains the heavy plant and machinery purchased for the Tuticorin Harbour Scheme and accounts for the sale-proceeds thereof under the orders of the Harbour Engineer-in-Chief to Government. Mr. K. S. Melton was the mechanical foreman from 1st April 1934 to 20th August 1934. He was then succeeded by Mr. M. J. Lawrence, who held the office from 21st August 1934 to 31st March 1935. All cheques for payment are drawn by the Harbour Engineer-in-Chief or his deputy. Payments for labour employed at the Hare Island and other petty payments are made by the mechanical foreman from the temporary advances given by the Harbour Engineer-in-Chief on passed nominal muster rolls and bills. Mr. V. Kamiah Nayudu, who is the storekeeper, keeps the accounts and has been authorized to render accounts to the Audit department—vide G.O. Ms. No. 469, Finance, dated the 14th November 1932.

3. The irregularities noted during the audit have been communicated to the mechanical foreman in an objection statement, which should be read as part of this audit report. Important irregularities are noted below.

4. *Capital expenditure.*—The total expenditure incurred up to the end of 1934-35 is shown in statement A * attached.

5. *Revenue account.*—Statement B shows the expenditure on engineering and maintenance works charged to revenue account with the final appropriation thereto. No revenue was realised during the year as the buildings were either occupied rent free or remained vacant.

6. *Suspense.*—A comparative statement of the outstanding balance is given below:—

Year	Stock Dr. balance. Rs.	Miscellaneous P.W. advances Dr. balance. Rs. a. p.	Purchase, Cr. balance. Rs.
1928-29	63,573	Nil.	310
1929-30	45,766	10,553	1,512
1930-31	32,182	10,904	48
1932-33	25,973 693	Nil.	79
1933-34	24,934	Nil.	19
1934-35	19,613	Nil.	17
1935-36	18,269	Nil.	Nil.

The closing balance under stock and the sanctioned reserve limit for the same are noted below:—

	Closing balance. Rs.	Sanctioned reserve limit. Rs.	
Other stores	18,269	19,615.	The reserve limit has since been reduced to Rs. 18,270 for a period of one year from 1st April 1936 or until the disposal of the reserve, whichever is earlier—vide G.O. Ms. No. 226, Finance (Marine), dated the 1st May 1935.

Stock.—The closing balances of stock were verified by C. W. Knight, Esq., Executive Engineer (Design), Cochin Harbour Works, on 21st September 1935. No variations were noticed—vide certificate furnished on 23rd September 1935 in the yearly register of stock for the year 1934-35 under the signature of Mr. M. J. Lawrence, Mechanical Foreman. The receipt of this register (Form 12, P.W.D. VI-42) with the signature of the Executive Engineer and the Harbour Engineer-in-Chief is awaited in the Audit office—vide paragraph 577 of the Madras Public Works Account Code.

* Not printed.

7. *Tools and plant.*—The articles borne on the tools and plant account were verified by C. W. Knight, Esq., Executive Engineer (Design), Cochin Harbour Works, on 21st September 1935—vide certificate recorded on 23rd September 1935 by Mr. M. J. Lawrence, Mechanical Foreman, in the Tools and Plant register. The receipt of the annual register of tools and plant, Form 15 (P.W.D. VI-9) for the year ending 30th September 1935 on or before 15th December 1935 is awaited—vide paragraph 677 (b) of the Madras Public Works Account Code. The register for the year ending the 30th September 1934 does not appear to have been received in the Audit office as yet.

8. *Materials at site.*—These were verified by Mr. M. J. Lawrence, Mechanical Foreman, on 5th April 1935. No differences were found. Under paragraph 337 of the Madras Public Works Account Code, and officer not below the rank of a Subdivisional Officer. In answer to the note of the Inspecting Officer verification by a gazetted officer would be arranged for, but this has not been followed in April 1935, nor have any specific orders of Government been obtained authorizing recognition by the foreman himself.

9. *Progress in the sale of surplus plant.*—In paragraph 2 of G.O. No. 94, Finance (Marine), dated the 20th February 1935, it has been stated that when the IV stage of the Harbour Works at Cochin is sanctioned, practically the whole of the surplus plant and machinery would be required for Cochin Harbour Works. The disposal of the surplus plant is accordingly awaited for the determination of the net outlay and for the receipt of the completion report in respect of the scheme. Under instructions from Government in connexion with the audit reports for 1933-34, the expenditure on the maintenance of the Deep Water Scheme was charged to capital only up to 1931-32, and was transferred to Revenue in the subsequent years—vide the note under paragraph 1 on page 10 of G.O. No. 94, Finance (Marine), dated 20th February 1935. No similar allocation of the receipts on account of hire, etc., which would ordinarily be creditable to revenue, appeared to have been made correspondingly. Pending specific orders of Government on the point, the same procedure of taking all receipts to the capital account has been followed in the statements appended.

10. *Result of audit.*—The general result of audit may be considered satisfactory.

11. *Outstanding objections.*—Six objections (as detailed in the annual objection statement sent to the Mechanical Foreman, Tuticorin Harbour Works), were pending settlement at the close of audit.

ശരിയായ ടിക്കറ്റുകൂടാതെ (ടിക്കറ്റ്) ട്രാവൽ ചെയ്യുകയും തീവണ്ടിയിൽ യാത്രചെയ്യുന്നവരെന്നു കാണുമ്പോൾ ഉദ്യോഗസ്ഥൻ നിയമപ്രകാരം സാധിക്കുന്നതിനുവേണ്ടി അധികം ഫലപ്രദമായുള്ളതും അതിനെ യാത്രചെയ്യുന്നതു ഉടനെത്തന്നെയും മുഖ്യ നടപടി നടത്തുന്നതിലേക്കു അധികാരം നൽകുവാനാണ് ഈ ബില്ലുകൊണ്ടുദ്ദേശിച്ചിരിക്കുന്നതു. സ്റ്റേഷനുകളിലും തീവണ്ടികളിലും നിന്നു ടിക്കറ്റുകൾ പരിശോധിക്കുന്നതിനു വിലയേറിയ സ്വാധീനവുമായ എപ്പോഴുകൾ തീവണ്ടിക്കാർ ചെയ്തിട്ടുണ്ടെങ്കിലും, ശരിയായ ടിക്കറ്റില്ലാതെ യാത്രചെയ്യുന്നവരായി കണ്ടുപിടിക്കപ്പെടുന്നവരുടെ എണ്ണം വർദ്ധിച്ചുവരികയാണ് ചെയ്യുന്നതു. അവരുടെ പക്കൽനിന്നു വസൂലാക്കുന്ന സംഖ്യ തീവണ്ടികളിൽ പരിശോധന നടത്തുന്നതിനുള്ള ഏർപ്പാടിനുവേണ്ടി വ്യയം ചെയ്യുന്ന സംഖ്യയോടു ഏകദേശം ഇല്ലുവായിരിക്കുന്നു. യാത്ര ചെയ്യു ടിക്കറ്റ് പരിശോധന നടത്തുന്ന കണക്കുടി ആളുകളെ നിയമിച്ചു ട്രെയിൻ പരിശോധന നടത്തുന്നതിനും മേൽപ്പറഞ്ഞ ചെലവുകൾ ഈ ചെലവിനു അനുപാതമായി വരുവാൻ വർദ്ധിക്കുന്നതെന്നും അനാവശ്യമായി കാണിക്കുന്നു. ഈ ശുക്രൂഷിനാ ഗൌരവനിലയാണ് ഇതിനുള്ള സ്വല്പം വെളിവാകുന്നതു. ഇല്ലെന്നിരിക്കട്ടെ കൊല്ലത്തോടും ഏകദേശം അമ്പതു ലക്ഷം ഉറുപ്പികയുടെ നഷ്ടമാണുണ്ടാകുന്നതെന്നു കണക്കാക്കപ്പെട്ടിരിക്കുന്നു.

9. നടപടി നടത്തുന്നതിനു ഇപ്പോൾ ആസ്പദമായിരിക്കുന്ന ആക്ടിലെ വകുപ്പുകൾ 112 - ം 113 - ം ആണു്. ആദ്യത്തേതിൽ തീവണ്ടിയുടമസ്ഥന്റെ വല്ലിക്കാനുള്ള ഉദ്യോഗസ്ഥനോടു മുടിയ കാര്യങ്ങളെയും ഒടുവിലത്തേതിൽ ഏതുകെ ഉദ്യോഗിച്ചാലും കാര്യങ്ങളെയുംപറ്റിയാണ് പറഞ്ഞിട്ടുള്ളതു്. 112 - ം വകുപ്പുപ്രകാരം നട

ചേർത്തിട്ടുള്ള സംഗതികളിൽ, വണ്ടിക്കൂലിയായിട്ടുള്ള ഉദ്ദേശ്യത്തെക്കുറിച്ചു തെളിയിക്കേണ്ട ഭാരം അവരെ ഉദ്യോഗസ്ഥനുമാണ്. അതു ശരിയായി നിറവേറ്റുവാൻ ഏർപ്പെടും സാദ്ധ്യമായി വരികയില്ല. അതിനാൽ വണ്ടിക്കൂലിയെന്ന ഉദ്ദേശ്യത്തോടുകൂടിയതാണെന്നില്ലെന്നു തെളിയിക്കേണ്ട ഭാരം ശരിയായ ഒരു ടിക്കറ്റില്ലാതെ യാത്ര ചെയ്യുന്ന ഏതൊരാൾക്കുമായിരിക്കണമെന്നു വ്യവസ്ഥചെയ്യുവാൻ ഉദ്ദേശിച്ചിരിക്കുന്നു. 112 - ാം വകുപ്പിൽ നിർദ്ദേശിച്ചിരിക്കുന്ന നടപടിയോടു ചേരുന്ന ഒരു പിഴ അനുബന്ധമായിട്ടു ഈടാക്കുവാനും കണ്ടിരിക്കുന്നു. അതിനാൽ ഒരു നടപടിക്കു മുതിരുമ്പോൾ ബില്ലിൽ വ്യവസ്ഥചെയ്തിട്ടുണ്ട്.

8. ശരിയായ ടിക്കറ്റു കൂടാതെ യാത്രക്കാർ യാത്രചെയ്തുകാണുന്ന മിക്ക സംഗതികളിലും, 113 - ാം വകുപ്പുപ്രകാരമാണ് നടപടി നടത്തുന്നതു. ഈ വകുപ്പുപ്രകാരം, ചെല്ലേണ്ട കൂലിക്കു പുറമെ കൂലിക്കു തുല്യമായിട്ടു എന്നാൽ 113 - ാം വകുപ്പ് (3) എന്ന ഉപവകുപ്പിൽ വ്യവസ്ഥചെയ്തിരിക്കുന്ന ഏറ്റവും കഠിനമായ സംഖ്യയിൽ കവിയാതെയും 25 രൂ. യിൽ അധികം കൂലി യാത്രക്കാരൻ കൊടുക്കേണ്ടതുണ്ട്. ഒരു ഇന്നാം ക്ലാസ് യാത്രക്കാരന്റെ സംഗതിയിൽ, താൻ കൂലികൊടുക്കാതെയാണെന്ന് അദ്ദേഹത്തോടു അറിയിക്കുന്നതിനുള്ള സമയം കിട്ടുകയും പിടിച്ചുപോയതിൽ അയാൾ കൊടുക്കേണ്ട ഏറ്റവും കഠിനമായ അധിക കൂലി ഒരുരൂപികയും, മറ്റു വിധത്തിലാണെങ്കിൽ നൂറുണയുമാണ്. ഈയാൾക്കുപ്പെടുന്ന സംഖ്യ കൊടുപ്പാൻ കൂടാതിരിക്കുന്ന പക്ഷത്തോടു ഇപ്പോഴുള്ളതിനെ നിയമനടപടികൾക്കു തന്നെ പോലും മേൽവിലാസവും ഈടാക്കപ്പെടുവാൻ മജിസ്ട്രേട്ടിനു അധികാരമുണ്ടാകുന്നതാണ്. ഇവ വിശ്വാസയോഗ്യമല്ലെന്നു കണ്ടാൽ, ഒരു മജിസ്ട്രേട്ടിന്റെ മുമ്പാകെ ഹാജരാക്കുന്നതിനു അയാളെ പോലീസ്സിനു ഏല്പിക്കുവാൻ നിർബ്ബന്ധമുണ്ടാകുന്നതാണ്. മിക്കപ്പോഴും ഈ വക ആളുകൾക്കു യാതൊരു മേൽവിലാസവും കാണുന്നതിനാൽ, അവരെ വിട്ടയക്കയാണ് ചെയ്യുന്നതു. വല്ലവരുടെയും മേൽ ഒരു പ്രിവാറണ്ടു അയച്ചാൽ, കോടതി നടവടികൾക്കു വേണ്ടിവരുന്ന സമയവ്യയം, അദ്ധ്വാനം, ചെലവ്, ഇവയ്ക്കനുസരിച്ചുള്ള ഫലം ഉണ്ടാകുന്നില്ല; കിട്ടുവാനുള്ള സംഖ്യ ചിലപ്പോൾ വസൂലാവാതെയും തീരുന്നു. അങ്ങിനെയുള്ള സംഗതികളിൽ ഫലപ്രദമായ നടപടി നടത്തുന്നതിലേക്കു, കൂലിയും മറ്റും കൊടുക്കുവാൻ കൂട്ടാക്കാത്ത ആളു

കരട് ശ്രദ്ധിലധികമായ താമസമൊ കൂടാതെ ചെലവൊ കൂടാതെ നല്ല മജിസ്ട്രേട്ടിനൊ മുമ്പാകെ ഹാജരാക്കുവാൻ സാധിക്കുന്നതല്ലെന്നു ഡിപ്രസിപ്പാൻ കാരണമുണ്ടെങ്കിൽ അവരെ പിടിപ്പാൻ തിരണ്ടി 22-ാമത്തെ വകുപ്പനുസരിച്ചു അധികാരപ്പെടുത്തുന്നതു അവശ്യമായിരിക്കുന്നു. അതിനാൽ 121-ാം വകുപ്പിൽ ചൊല്ലുന്ന ദേശത്തിനകത്തു ദേശാന്തരിയായ ഇതിനപ്പോഴത്തെ നിലസ്ഥനെ ചെയ്തിരിക്കുന്നു.
